2Centre for Coal Seam Gas, Sustainable Minerals Institute
3UQ Business School - The University of Queensland

Aim: To understand the ways in which women who operate businesses experience and respond to contextual changes due to CSG development in the region.

Methodology: Semi-structured in-depth interviews with women who are actively engaged (spending more than 20 hrs/week) in operating a business.

Sample Size: 31 women.

Towns: Chinchilla & Miles.

Key Findings: Primary influences –
- ‘gender role’
- ‘business type’
- ‘community attachment’.

Ask me for the handout detailing these factors!
Welter’s contextual lens
